# **Sprint Retrospective**

## ***Sprint 4***

*(May 10, 2025 – May 16, 2025)*

### **What went well:**

- Nothing went well.

### **What could be improved:**

- Our group did not make any progress in our project because of schedules conflict, workloads, and exams during this week.

### **What needs to be done:**

- As a Project Manager, I need to distribute the backlogs tasks in sprint 3 and sprint 4 to the next sprint, and adjust our group's timeline.
- We need to do the tasks in sprint 3, sprint 4, and sprint 5 in our next sprint.
