# **Sprint Retrospective**

## ***Sprint 1***

*(April 12, 2025 - April 22, 2025)*

### **What went well:**

- Our team is cooperative which is leading to a smooth workflow in doing the tasks in sprint 1.
- We are able to finish the tasks within the deadline and did not have any backlogs.

### **What could be improved:**

- Be better in planning and using notion.

### **What needs to be done:**

- There is no remaining task from sprint 1 to be carried over to the next sprint.
- We will proceed to the sprint 2 and prepare an initial mock up.
